NEWS BUDGET FROM SAFFORD

(Mrs. W. D. French, Correspondent)

SAFFORD, December 2.—One of the prettiest parties of the season was the reception given last evening by Miss Jessie Wardlaw to the new bride and groom, Mr. and Mrs. Lon Wardlaw.

The rooms were beautifully decorated. A floral bell hung in the doorway between the rooms and golden hearts were scattered profusely about—the whole carrying out a color scheme of white and gold. After a short musical program the guests were given cards bearing the Christian names of the newly married couple and a list of questions to be answered with words beginning with the first letters of their names. Then each was asked to write a good wish to the couple beginning with the same letters. All were then read aloud to the amusement of an appreciative audience. A delicious supper was served in the dining room. Cupid occupied the center of the table with his hearts and arrows. The place cards had golden arrows tied on with white ribbon and the candle shades were white, decorated with golden hearts. The menu consisted of turkey, salad, pickles, bread and butter sandwiches, cherry mouse, wafers, hot nutcr. Misses Wardlaw and Welborn and Messrs. Paxton and Rhoads offered appropriate toasts. When the wedding cake was cut Jessie Wardlaw drew the ring, Nan Pendleton the money, Maud Welborn the needle, the button and the thimble remaining in the uncut portion. Miss Wardlaw's guests were: Mesdames Lon Wardlaw, J. A. Wardlaw, Misses Mary and Viola Houck, Laura Waddell, Robinson Pendleton, Welborn, Westernman; Messrs. Lon Wardlaw, Paxton, Rhoads, Glascock, Houck, Laird, Helm Blackmore.

A wedding took place in Helena, Mont., last Saturday, that is of interest to old Saffordites. Elmo V. Kemp was married to Miss Edith Williams of Boulder, Mont. Both parties are instructors in physical culture in the Boulder school for the deaf, and are themselves deaf. Elmo Kemp is the son of Mrs. N. P. Beebe and a brother of Mrs. J. G. Belt of Safford. He is a young man of exceptionally pleasing appearance and rare ability, and in spite of his affliction has made an acceptable place for himself in the world. Miss Williams is spoken of very highly as a girl of beautiful character and the young people are very happy.

Rev. J. P. Bray, pastor of the Methodist church south, in Solomonville, was married on Thanksgiving day at Palaski, Tenn., to Bernice Anderson of Safford. Bernice was attending school in Tennessee and the marriage took place at the home of her brother, Homer Anderson. The young couple will spend some time in eGeorgia and Tennessee and will then make their home in Solomonville.

Sam Beebe, who has been ill for months with typhoid fever, is slowly recovering.

Mrs. J. A. Wardlaw and the twins came down from Solomonville last evening and will visit several days in Safford.

J. C. McClure of Tucson, chief engineer of the G. V. G. & N. railroad is a visitor in Safford.

Harold Greene came in from Albuquerque last evening and will assist T. T. Swift in the forestry office.

The hay sheds are being rapidly depleted to fill the unusual demand for hay. Some hay is selling at \$14 per ton, the highest price ever paid at this time of year. At the rate that hay is going out all in storage will be shipped by early spring. The J. M. Foster Mercantile Co. has been unloading five to ten cars of hay per day at Solomonville, filling a large order for old Mexico. Their shipments this season will be greater than ever before and they rank with the heaviest shippers in Arizona.

The funeral of Mrs. Robert Morris took place this morning at 10 o'clock.

TO EXERCISE OPTION Mining Paper Speaks Well of Cactus Development Property

The last issue of the Mining & Scientific Press in its New York column says: "The Cactus Development company, which has options on the ground of the Arizona National Copper company, near Globe, Ariz., is expected to exercise its options about January 1. The Cactus is controlled by Boston and Duluth people, several directors of the Calumet & Hecla being interested. The Cactus enterprise is an especially interesting one and fraught with much importance to the copper world, because it marks the first real plunge of the conservative Calumet & Hecla crowd into the Arizona copper fields."
